\*To be accepted into the Cert in Adv. Biblical Languages program, applicants must have already completed a graduate degree in theological studies (MA or MDiv) and passed Basic and intermediate Greek and Hebrew studies. If they have not completed a graduate degree, they must show transcripts indicating they have passed graduate level Greek and Hebrew studies.

\*\*Applicants will be given a translation assignment to assess direct entrance into Advanced Greek or Hebrew. Administration may request that the student audit Advanced Greek or Hebrew 1 in the summer before the fall Advanced 2 class starts.

\*\*\*Students may choose one of the three secondary language studies (Theological German, Latin, or Intro Aramaic) to complete their Certificate.

\*\*\*\*Theological German is offered as needed and Latin and Introductory Aramaic are offered during the summer on an alternate schedule (one summer is Latin, the next is Aramaic).
